### Limits and validity of this warranty

1. This warranty applies only to the original purchaser for residential use, in the country of the store where the purchase was concluded.
2. This warranty is the only one recognized by the manufacturer.
3. A proof of purchase is required for a claim under warranty.
4. Excessive humidity in the bathroom can deteriorate the finish of wood. The installation of a fan is mandatory for the warranty to be valid.
5. This warranty is not applicable in case of mirror damages if a silicone sealant was not applied on the bottom and side of the mirror, as instructed in point 6.2 on page 15 of the *Owner's Manual and Installation Guide*.

## Limit of responsibility - Natural Material

### Natural Marble

Vanico-Maronyx examines each sold slab very accurately in order to check its quality as to Vanico-Maronyx standards. However, just because being "natural", marble slabs are always different from each other. Their structure presents varied colours spots, streaks, micro fessures, pores and variable traces of numerous other materials (quartz, mica, iron, etc.), that can change look and colour of the purchased slab compared with the samples viewed or from a slab to another. These variations are normal and cannot serve as a reason to obtain a price reduction, a replacement or cancellation of the order. Vanico-Maronyx will not be held responsible if your marble vanity top is stained due to the use of a silicone other than the recommended GE clear silicone sealant on page 12 and 16 of the *Owner's Manual and Installation Guide*.

### Wood

Vanico-Maronyx always use first quality wood. As a natural material, wood presents variations in regards to form, colour and grain. The presence of grain also causes variations in dye absorption. Therefore, it is normal for the colour of the dye to vary. Such variations appearing on the furniture itself, or on purchased material in comparison with the samples, must be viewed as normal and does not constitute a reason for price reduction, replacement or order cancellation.

### General warranty cancellation clause

#### No warranty will be applicable to any damage resulting from:

1. Damages during installation.
2. Accidents, alterations, abusive or wrongful uses of the product.
3. Inadequate air circulation.
4. Deficient care and cleaning procedure.
5. Commercial or industrial uses.
6. Damages caused by fire, water, excessive heat
7. Damages of the washbasin caused by the use of a tap water exceeding 60° C (140° F) or radical changes in temperature (from very hot to very cold).
8. Electrical overload.
9. Improper storage conditions before installation: Abnormal temperature or inadequate air circulation.
10. Natural disasters or any other fortuitous event, disaster or unexpected or uncontrollable event.
